Men's	—	4-8.5	9-12.5
Boy's	2-5	7-10.5	—

1. CHEST

Measure around the fullest part of the chest points. Keep the tape horizontal.

2. NATURAL WAIST

Measure the narrowest part. Typically the small of your back where your body bends side to side.

3. LOW WAIST

Measured lower than the Natural Waist. This is typically near the top of the hip bone. Men usually wear the pants here, lower on the body.

4. HIP

Measure the fullest part of the hips. Keep the tape horizontal.

5. INSEAM

Measure from the crotch to the bottom of the leg. This is for pant wear length.

Use a cloth measuring tape for sizing.

Body measurements are given in inches. If your body measurement is on the border between two sizes, order the smaller size for a tighter "athletic" fit or the larger size for a loose "relaxed" fit. ***Size charts define measurements of the body and not the garment.**

Girl's	2-5	7-10.5	—

1. CHEST

Measure around the fullest part of the chest points. Keep the tape horizontal.

2. NATURAL WAIST

Measure the narrowest part. Typically the small of your back where your body bends side to side.

3. LOW WAIST

Measured lower than the Natural Waist. This is typically near the top of the hip bone. Men usually wear the pants here, lower on the body.

4. HIP

Measure the fullest part of the hips. Keep the tape horizontal.

5. INSEAM

Measure from the crotch to the bottom of the leg. This is for pant wear length.

Use a cloth measuring tape for sizing.

Body measurements are given in inches. If your body measurement is on the border between two sizes, order the smaller size for a tighter "athletic" fit or the larger size for a loose "relaxed" fit. *Size charts define measurements of the body and not the garment.

NEW MIZUNO EPIQ

 TSRP: **\$110.00**

 TEAM (12+ MINIMUM): **\$82.50**
